LETTER SIGNED BY MAJORITY TEACHER/STAFF

To Whom It May Concern:

Thank you for your time and consideration regarding Bethany School's waiver to open in-person learning on campus. What an opportunity for schools in the Long Beach area. The return to in-person teaching supports the students' mental, emotional, physical, and spiritual learning in ways that cannot be accomplished through online learning. This is why obtaining the waiver is of great importance for our school.

As teachers and staff, we are confident in Bethany School's ability to carry out the protocols required by the city and county. Bethany School has invested a great deal of time and financial resources to ensure Bethany's safety plan covers all recommendations and ensures the safety and well being of both staff and students.

The teaching staff and parents have been consulted throughout the planning process and continue to contribute their expertise and willingness to comply with protocols.

In professional conversations and with school parents, there is real concern for all students' mental health the longer they remain at home. Their social and emotional well-being is at stake and a return to campus is so vital.

Thank you in advance for expediting our waiver application.

Our signatures represent a majority of the fulltime classroom teachers at Bethany School.
